

Build and enhance your brand image at Batimat Paris 2024 with exhibit professionals!

The **Batimat Paris 2024** has invited its stakeholders – exhibitors, guests, and partners – to change their perspectives to address the many challenges we face today. **Batimat Paris 2024 dates** are from September 30th to October 3rd, 2024. The exhibition will also include the 4th edition of the Concours des Meilleurs Artisans de France BMC, which will take place on October 4th in Pavilion 21, as well as the exhibition 'Notre-Dame de Paris, the art of wooden structures.' This theme aims to promote the spirit of proactivity at the fair, with particular attention to finding solutions.

The **Batimat Paris 2024 venue** will offer a wide range of products and services, from construction technologies to materials and regulatory developments in the industry. Every two years, Batimat brings together more than 1,700 exhibitors presenting various products, including indoor and outdoor equipment, construction site equipment, construction technologies, and design solutions. Here, you will get all the show info.

Batimat Paris 2024 France: The show info

The latest innovations in construction, engineered surfaces, and bath rooms will be presented in six clearly defined areas at **Batimat Paris 2024, France**:

- Interiors and Garden,

BATIMAT 2024 Paris will also use four key areas –

- adaptation,
- innovation,
- people,
- local government

As a framework to manage the changes we are currently experiencing.

The **Batimat Paris 2024 event** will have live shows, competitions, and tours. The trade fair will also offer an intensive conference program with lectures and forums on various topics, such as sustainability and digitalization in construction. The exhibition attracts more than 120,000 industry decision-makers, futures, and sales specialists looking for the latest innovations that could influence the construction industry's future.

Why is it worth taking part in the BATIMAT 2024 Paris?

The major trade fair **Batimat Paris 2024** will offer participants the best visibility opportunities and simultaneously allows exhibitors to strengthen the value of their brand effectively. It is an unmissable exhibition in Europe and provides many reasons to exhibit:

- During the BATIMAT, exhibitors can present their products and innovations in one of seven exhibition areas.
- The **Batimat Paris 2024 event** is the best stage for exhibitors to attract new customers and expand their portfolio simultaneously.
- It is the ideal platform for exhibitors to make their brands known, network with industry giants, strengthen their media contacts, and thus gain access to the international market.
- With over 1000 speakers, 450 conferences, and 14 thematic stops, each edition of the Batimat Paris Event offers comprehensive programs and industry workshops that help exhibitors discover new emerging industry trends and innovations while exploring global business opportunities.

The most important event of **Batimat Paris 2024** will be the BATIMAT Innovation Award, which recognizes the most important innovations that shape the industry. It is a highly forward-looking event focused on revolutions worldwide, covering topics such as flexible living, connectivity, renewable solutions, and digitalization in the construction sector.

Finally, we can help you maintain all industry standards, protocols, and high-performance exhibition stands at **Batimat Paris 2024, France**. To get more show info or our offerings, contact us. We are an experienced and top-notch **exhibition stand design company in Paris** to help you build your ideal exhibition stand at BATIMAT.
